NOTICE OF FINANCIAL AND PRIVACY POLICIES

At Central Vermont Eye Care, we are committed to providing you with the highest level of service and quality care. If you have medical insurance, we will strive to help you receive your maximum allowable benefits. In order to achieve these goals, we need your assistance and understanding of our financial policy. Ultimately, however, any and all financial liability rests with the patient.

Our office participates with most major insurance plans. We do not however, participate with ANY vision plans (VSP/Davis Vision, etc.). Examinations that yield a medical diagnosis are generally covered by medical insurance. However, routine vision examinations and refractions (e.g. to check if new eyeglasses are needed), are not considered covered services by most insurance companies. For more information regarding refractions, please see our posted policy. If a refraction is performed, you will be charged a $40 refraction fee, which is payable at the time of the visit.

It is the patient's/guardian's responsibility to:

- Be familiar with the benefits of your plan, including co-pays, co-insurance and deductibles.
- Bring all current insurance cards to all visits.
- Provide our office with up to date contact information.
- In accordance with your insurance contract, you must be prepared to pay your co-pay at each visit. We accept cash, check and all major credit cards.

Available for viewing at the front desk is a six page notice of privacy practices as mandated by the Health Insurance Portability and Accountability Act of 1996, otherwise known as HIPAA. This notice describes how medical information about you may be used and disclosed, how you can get access to it, and lists your rights under this law.

I have read and understand the above statements regarding the financial policy and the privacy practices used by Central Vermont Eye Care.
